

The [Graduate Engineering Career Fair](#) Mock Speed Interview Session presented by Troost ILead: Grad:

## Frequently Asked Questions

Mock speed interviews is an opportunity for industry partners to connect with engineering talent of the University of Toronto. The session will take place over one hour during which you will have multiple, short interviews with students that have excellent technical expertise and a diverse skill set. Come share your experience and knowledge to help students improve their interview skills. You might even discover the right talent for your organization.

### **What are mock speed interviews?**

Mock speed interviews are approx. five minute “mock” interviews where a company representative will ask a student an interview question. The student will answer the question and the interviewer can provide feedback.

### **What kind of questions should be asked?**

Choose a question/questions that represents the interview experience at your company; however, keep the questions general (avoid company-specific or technical questions) as you will interview students from multiple engineering disciplines.

### **When will they take place?**

Mock speed interviews will take place from 10:15 – 11:15 am on May 7, 2019 during the Graduate Engineering Career Fair.

### **Where will they take place?**

The interviews will take place in the Exam Centre in a separate room from the career fair.

### **Who should participate?**

We invite all companies attending the fair to participate. This is an opportunity for you to speak with students, and to provide them a snap shot of the interview process.

### **How many representatives can participate?**

Companies can send one to three representatives. The session is one hour and you can expect to speak to 12 students. If your company would like to reach more students, we recommend you send multiple representatives.

### **Who will be interviewed?**

Engineering graduate students from the University of Toronto who have attended an interview preparation workshop so they are ready to speak confidently about their skills and experience.

### **How will companies benefit?**

Companies will have a chance to connect with students and potentially discover the right talent for their organization.

### **How much does it cost?**

The mock speed interview session is included in all levels of registration.
